

## School Communications Procedure

St Brigid's College, Horsham operates with the consent of the Bishop of the Diocese of Ballarat and is operated and governed by the Diocese of Ballarat Catholic Education Limited (DOBCEL).

### Procedure Statement

St Brigid's College, Horsham is dedicated to open, transparent, and effective communication with all stakeholders. Effective communication is essential in providing students, teachers, parents/caregivers, and the community with the necessary information to make appropriate decisions. The school is committed to using communication processes and techniques to build positive learning environments for students, school staff, and parents/caregivers, inspiring and educating all students to succeed in becoming productive and valued citizens.

### Purpose

The purpose of the School Communications Procedure is to:

- provide accessible and inclusive communication that responds to the needs of diverse groups within the school community
- promote a culture of honesty, trust, transparency, openness, and respectful communication
- ensure the management of confidential information is in accordance with legal obligations, professional standards, and community expectations
- provide the school and broader community with information regarding events, achievements, and activities at the school promptly

## Distributing Information to Parents/Guardians/Carers

Email is the preferred method of distributing information within the school community.

Parents/guardians/carers are to inform the school office on 03 5382 3545 if they prefer to receive information in another form.

The following is a list of instances in which the school will need to contact the student's parent/guardian/carer and the appropriate process for each situation.

|   | ACTIVITY  | RESPONSIBILITY       | STEPS  |
|---|---|----------------------|--|
| A | Concerns that arise about a student   | Teacher              | The parent/guardian/carer will be contacted promptly via email or phone to arrange a face-to-face meeting to discuss concerns about the student. |
| B | A student's behaviour is deemed inappropriate or disrupts the learning process. | Teacher<br>Principal | The Principal is to contact the parent/guardian/carer promptly via email or phone.   |
| C | A student is injured, complains of illness, or must go home for any reason.     | Teacher<br>School    | Staff to contact the parent/guardian/carer promptly via email or phone.  |

## Communicating with School Staff

Parents/guardians/carers may sometimes have concerns about a student's academic progress, social relationships, or general classroom matters. In the first instance, these concerns should be raised directly with the student's class teacher.

Contact with the class teacher is made by using one of the following approaches:

- in writing via email asking to organise a suitable time
- either by phone or the school office and arrange for the teacher to contact the parent or caregiver for a suitable time

If a concern remains unresolved between the teacher and parent/guardian/carer, an appointment is to be made with St Brigid's College to determine how to discuss the issue further.

## Right to Disconnect

The Fair Work Act includes a provision where employees can disconnect from communication tools and not respond to their employer after or outside work hours. Specifically, employees have two rights:

- to refuse to monitor, read, or respond to contact from an employer outside of the employee's working hours unless the refusal is unreasonable
- to refuse to monitor, read, or respond to contact from a third party if the contact relates to their work and is outside the employee's working hours unless the refusal is unreasonable

Laws now include a 'right to disconnect' term and a free-standing right to disconnect in modern awards.

The Fair Work Commission has the authority to issue stop orders for continuous unwarranted contact.

The legislation outlines factors to consider when determining whether contact outside working hours is reasonable. These include:

- the nature and urgency of the reason for contact
- the method of contact (e.g. a phone call would likely be considered more disruptive than an email)
- whether the employee is compensated for working outside of their ordinary hours
- the level of the employee's responsibility within the organisation
- the employee's individual circumstances.

For more information, refer to the [VCEA – Right to Disconnect: Fair Work Act Amendments Information Sheet](#).

### **School Opinion Survey**

- St Brigid's College conduct School Opinion Surveys to obtain the views of parents and caregivers, students, and school staff on what they do well and how they can improve
- Opinions on the school, student learning, and student well-being are sought from parents/guardians/carers in all families and a sample of students from the school
- School staff and Principals are asked for their opinions on the school as a workplace; teaching staff are also asked additional questions about their confidence in teaching and improving student outcomes
- The school shares the key results of the survey with the school community

## Social Media

When anyone within the school community is contributing to the school's social media platform, it is important that such contributions are positive and respectful. Members of the school community must not post any material which:

- vilifies individuals on the basis of their religion, gender, race, or sexual preference
- is racist, hateful, defamatory, libellous, derogatory, threatening, harassing abusive, discriminatory, or humiliating
- contains material (written, audio, video, and other electronic forms) that infringes Intellectual property rights such as copyright
- contains personal information about another individual without their consent (including identifying information, email addresses, phone numbers, or private addresses)
- falsely represents another individual, organisation, government, or entity
- implies endorsement of a product, business, company, or organisation
- promotes a product, business, company, or organisation, the only exception being their school
- interferes with or prejudices the course of or otherwise deals with civil or criminal proceedings that are presently before any court, tribunal, commission, or similar body or any investigation by the police, Crime and Corruption Commission, or other agency
